RIJEKA'S BEACHES

RIJEČKA RIVIJERA ZOVE NA UŽIVANJE!

Dobro došli u Rijeku, grad bogate i burne prošlosti, lučki grad s primorskim šarmom i otvorenošću prema svakom gostu. U istraživanju Rijeke nikako ne propustite posjetiti riječku kupališnu rivijeru i pronaći svoju idealnu plažu pod riječkim suncem.

Zbog mediteranske klime u Rijeci sezona kupanja počinje u proljeće i traje do kasno u jesen. Dvije riječke plaže Ploče i Kostanj ponosne su vlasnice Plave zastave, najboljeg dokaza o čistoći riječkog mora. More je čisto i plavo, sunce mami, a plaže su brojne, raznolike, velike i bučne, male i osamljene, šljunkovite, betonske, stjenovite, skrivene...

S obzirom na položaj grada riječke plaže nalaze se na krajnjem istoku i na krajnjem zapadu. Na istoku, na Pećinama smjestile su se plaže Križić i Sablićevo tek par minuta udaljene od samog centra grada. Slijede prema istoku plaža Vila Olga, ex hotel Park, Glavanovo, Srebrena, Ružičevo te Grčevo. Na Pećinama smjestile su se najstarije plaže nekadašnjeg Sušaka koji je krajem 19. stoljeća bio poznat kao kupališno odredište na Mediteranu.

Na zapadu svoju ćete idealnu plažu potražiti od Kantride do Preluka. Na Kantridi nalazi se pet plaža Brgudi, Igralište, Vila Nora, Ploče i Razbojna, a ako niste pobornik morske vode, okupati se i osunčati možete i na Bazanima Kantrida, najljepšem i najvećem bazenskom kompleksu u Hrvatskoj. Plaže se potom nastavljaju prema Biviju. Od Bivija do Preluka cijeli je niz većih i manjih plaža i uvala koje su povezane šetnicom s brojnim sadržajima, od ugostiteljskih objekata, sportskih sadržaja do parkova za djecu smještenih u dobroj hladovini zelenila. Ove plaže idealne su za one koji osim sunčanja i kupanja, vole uživati u sportskim aktivnostima na moru i uz more. To su plaže Skalete, Lungomare, Kostanj, Akademija, "S" zavoj te Preluk zadnja riječka plaža na zapadu. Plaža Preluk zbog specifičnog položaja i vjetrova koji tamo puše poznata je i omiljena među surferima. Uz spomenute plaže na ovom području smjestile su se i male neimenovane skrivene uvalice i zavučene plaže za one koji vole osamu. Nekima je moguće prići samo s morske strane.

Želite odmor u krugu obitelji, aktivan sportski odmor, romantiku, osamu ili provod - Rijeka ima plažu za svačiji gušt. A kad sunce zađe, plaže postaju mjesta za šetnju i zabavu pod zvjezdanom riječkom nebom. U potrazi za dobrim provodom, u večernjim satima svakako posjetite plaže Ploče, Igralište i Grčevo.

Do svih plaža voze gradski autobusi. Na istok do Pećina vozi linija 1, na zapad do Bivija također linija 1, do Preluka linija 32. Od autobusne stanice do plaže samo je nekoliko minuta hoda, a u blizini svih plaža moguće je pronaći besplatan parking.

Krenite već sada, Vaša idealna plaža u Rijeci čeka na Vas!

THE RIJEKA RIVIERA INVITES YOU TO HAVE FUN!

Welcome to Rijeka, to the city with a rich and turbulent past, a port city with coastal charm and openness for each of its guests. Whilst researching Rijeka you mustn't miss visiting Rijeka's bathing Riviera and finding your ideal beach under the Rijeka sun.

Thanks to the Mediterranean climate, the bathing season in Rijeka begins in spring and lasts until late autumn. Two Rijeka beaches, Ploče and Kostanj are the proud owners of the Blue Flag, the finest proof of the cleanliness of Rijeka's sea. The sea is clean and blue, the sun is drawn here and the beaches are numerous, diverse, large and noisy, small and secluded, pebbly, concrete, rocky, hidden...

Based on the city position, Rijeka's beaches are located to the far east and far west of the city. On the eastern part, on Pećine we can find the Križić and Sablićevo beach, just a few minutes from the heart of the city centre. In an easterly direction, there is also the Vila Olga beach, former hotel Park and the Glavanovo, Srebrena, Ružičevo and Grčevo beaches. On Pećine we can find the oldest beaches of the former Sušak which was, at the end of 19th century, known as a Mediterranean bathing destination.

On the western part, you can find your ideal beach from Kantrida to Preluk. On Kantrida there are five beaches: Brgudi, Igralište, Vila Nora, Ploče and Razbojna and if you do not like sea water you can take a swim and sunbathe in the Kantrida Pools, the largest and most beautiful swimming pool complex in Croatia. The beaches then continue towards Bivio. There are a whole series of larger and smaller beaches and bays from Bivio to Preluk, which are connected by a promenade with numerous facilities, from catering and sport amenities to parks for children located in the shade of the vegetation. These beaches are ideal for those who, besides sunbathing and bathing, enjoy sporting activities at the seaside too. These are the beaches: Skalete, Lungomare, Kostanj, Akademija, "S" zavoj and Preluk which is the last beach in the western part of the city. Thanks to its very specific position and the wind that blows there, the Preluk beach is famous and a favourite beach of surfers. Besides the afore-mentioned beaches, smaller, nameless beaches can be found here together with hidden bays and beaches for those who prefer being in a more secluded area. Some of them are only reachable from the sea.

Regardless of whether you like spending your holiday with your family, or are looking for an active sport holiday, romance, solitude or entertainment - Rijeka has a beach for everyone. And when the sun sets, the beaches become a place for walking and for entertainment under the starry Rijeka sky. For those in search of fun, during the night hours do not miss visiting the Ploče, Igralište and Grčevo beaches.

City buses drive to all beaches. To the east, to Pećine as well as to the west, to Bivio, you can take the number 1 bus line whereas the number 32 bus line will take you to Preluk. The beach can be found just a few minutes' walk from the bus station and there is free car parking close to all beaches.

Why not start now, your ideal beach in Rijeka awaits you!
